*Lebanon has suffered many setbacks with wars and internal unrest over many years. During these troubled years many people have been left economically and socially lost, creating many orphans, disabled and street kids.*

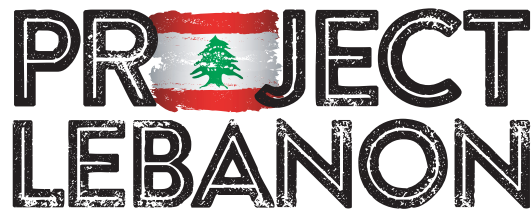

*The Lebanese community has done much for the Muslim community in Australia. Almost every Islamic centre has been touched by their generosity and care over the years. It is now the turn of the wider community of Muslims to help the orphans and needy in Lebanon.*

*Please keep in mind that the rate of deprivation in South Lebanon is the highest on a national basis. It can be said that most residents of South Lebanon have witnessed aggression at some point in time.*

**You can make a difference.**

PROJECT LEBANON FUND RAISER 2019

## SPECIAL GUEST SPEAKERS

### **Sis. Rabab As-Sadr – Imam Sadr Foundation**

Our goal is to increase the number of healthy and educated communities, so that more people can feel empowered to plan and participate in making positive decisions concerning their lives and surroundings.

### **Dr. Moussa Charfeddine – I'dad Foundation**

FDA offers advocacy and rehabilitation services to children with intellectual disabilities, in its I'dad Center, through various programs, involving educational and vocational training, therapeutic treatments and leisure, sports and artistic activities.

### **Dr Mohammed Hijazi – CCFA, South Lebanon Councilling Center for Family Guidance and Awareness**

Dr. Mohammed specialises in helping children get off the streets. This will be a place of refuge for such children in the South Lebanon area, based near a village called "Karrabiya".

### **Sis. Madiha Raza – WF Aid**

Madiha brings a wealth of expertise to the role and has valuable on-the-ground experience. She has visited many countries affected by war, disease or natural disaster and has delivered aid to thousands of families in need.

# COMPLETE CLASS ROOM

**\$50,000 + GST (\$55,000)**

Sponsorship and marketing invoice will be provided.

**Premium Table – 10 people at the Project Lebanon Dinner on Saturday 14th December 6.00 PM – full size individual Logo appearing on SCG scoreboard – professional corporate photos on the day – Naming plaque on the class room of the school.**

*Please keep in mind that the rate of deprivation in South Lebanon is the highest on a national basis. It can be said that most residents of South Lebanon have witnessed aggression at some point in time. **You can make a difference.***

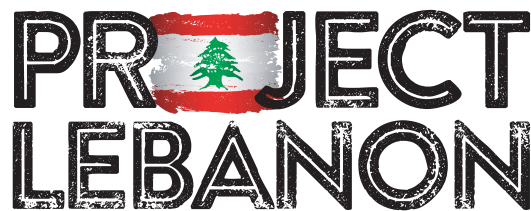

This is an opportunity for you to contribute to the cost of 1 class room and to have the naming rights to the class room, which you can dedicate to your parents or loved ones to be remembered for years to come by the students who attend the school.

The new High School at the Imam Sadr foundation will have 40 new class rooms able to cater for 1,200 students. The estimated cost to complete 1 class room in the school is AUD\$50,000.

There are currently 1240 students in ISF's cultural complex in Tyre. The Foundation's core activity is to provide care to girl-orphans, who are received at the age of five and supported until university graduation. These beneficiaries are ensured food, health, cultural and social provisions, including possibly marriage and job arrangements. These obligations required establishing a set of associated facilities, such as transportation, refectories, dispensaries and vocational training centres.
